Education and qualifications

2019–	Ph.D. in Statistics	Monash University, Australia
	Thesis:	<i>Manifold Learning on Empirical Probability Distributions</i>
	Supervisors:	Prof. Rob J Hyndman and A/Prof. Anastasios Panagiotelis
2016–2018	M. in Applied Statistics	Central University of Finance and Economics, China
	Supervisor:	A/Prof. Feng Li
2012–2016	B.Ec in Statistics	Central University of Finance and Economics, China

Working papers

Cheng, F., Hyndman, R. J., & Panagiotelis, A. (2021). Computationally Efficient Learning of Statistical Manifolds. arXiv preprint arXiv:2103.11773. (Under review)

Cheng, F., Hyndman, R. J., & Panagiotelis, A. (2022). Distortion-corrected kernel density estimate on Riemannian manifolds.

Research experience

- 2018.07–2019.01 **Research Assistant**, National Natural Science Foundation of China Project
- Assisted in the project *Efficient Bayesian Flexible Density Methods with High Dimensional Financial Data*.
 - Completed the stochastic gradient descent application of housing price to the multivariate response surface model.
 - Completed the thesis titled *Volatility Analysis of Housing Prices with Bayesian Response Surface Optimization*.
- 2013.04–2014.04 **Main Participant**, National Undergraduate Innovation and Entrepreneurship Training Program of China
- Initiated a municipal project, made overall arrangements for the project, from research proposal, project fund application, plan of the theoretical approaches and empirical analysis of the questionnaire data.
 - Won the Excellent Prize upon the accomplishment of the research project.
 - Completed the paper titled *Feasibility Analysis for Developing Commercial Insurance for Losing Only-child Problem*.

Teaching experience

- 2020.07– **Teaching Associate**, Department of Econometrics and Business Statistics, Monash University
- ETC5513 Collaborative and reproducible practices, 2021S1, 2022S2
 - ETC5523 Communicating with data, 2021S2
 - ETF3500/ETF5500 High Dimensional Data Analysis, 2020S2, 2021S2
- 2019.07– **Data Fluency Associate Instructor**, Library Research Division, Monash University Library
- Monash Data Fluency introductory and intermediate workshops on R, Python, Git, Unix, HPC, etc.
- 2020.07–2020.12 **Course Mentor**, Monash University Online Microcredential *Data Science: Data-Driven Decision Making*

Conference presentations

Contributed talk, Manifold learning with approximate nearest neighbors, Early Career and Student Statisticians Conference 2021, online, July 30, 2021.

Participants talk, Manifold learning with approximate nearest neighbors, Australian Mathematical Sciences Institute (AMSI) Winter School 2021, online, July 16, 2021.

Short interactive talk, Computationally efficient learning of statistical manifolds, Data Science, Statistics and Visualisation (DSSV) and European Conference on Data Analysis (ECDA), online, July 8, 2021.

Contributed talk, Manifold learning with approximate nearest neighbors, Australian Statistical Society and New Zealand Statistical Association Conference 2021, Melbourne (Hybrid), July 6, 2021.

Contributed talk, Manifold learning with approximate nearest neighbors, Australian Statistical Society and New Zealand Statistical Association Conference 2021, Melbourne (Hybrid), July 6, 2021.

Contributed talk, Getting it right: improving forecast accuracy and learning techniques Session, Monash Business School Doctoral Research Colloquium, Melbourne, December 6, 2020.

Internship experience

- 2016.09–2017.09 **Big Data Analyst**, Shanghai Power Xene Digital Technology Company, Beijing, China
- 2016.03–2016.04 **Research Assistant**, China Life Insurance Company Limited, Beijing, China
- 2015.01–2015.02 **Consultant Assistant**, Industrial and Commercial Bank of China (ICBC), Hubei, China

Society memberships

Member Statistical Society of Australia (SSA)
Member International Association for Statistical Computing (IASC)
Member Australian Research Council Centre of Excellence for Mathematical and Statistical Frontiers (ACEMS)

Computer skills

Proficient in R, Git/GitHub, LaTeX
Skilled in GNU/Linux and have experience on high performance Linux clusters
Intermediate in Python, HTML/CSS

Honours and awards

2022 Purple Letter (Outstanding Unit Evaluation of Teaching) for Tutoring ETF3500 2021S2, Monash Business School
2021 Purple Letter (Outstanding Unit Evaluation of Teaching) for Tutoring ETC5513 2021S1, Monash Business School
2021 Runner-up for AMSI Winter School Participants Talk, Australian Mathematical Sciences Institute
2021 ACEMS Business Analytics Prize(\$3000) for 2021, ARC Centre of Excellence for Mathematical & Statistical Frontiers
2019 Monash Graduate Scholarship, Monash University, yearly from 2019 to 2022
2019 Monash International Tuition Scholarship, Monash University, yearly from 2019 to 2022
2018 Outstanding Postgraduate Student, Central University of Finance and Economics (CUFE)
2017 First Prize Academic Scholarship for Graduate Student, CUFE
2016 Outstanding Undergraduate Student, CUFE
2016 Scholarship for All-Round Development, CUFE, yearly from 2013 to 2016
2016 Scholarship for Excellent Academic Innovation, CUFE
2015 Excellent Prize in National Undergraduate Statistical Contest in Modeling, Statistical Education Society of China
2015 Second Prize in National Undergraduate Mathematical Contest in Modeling
2015 National Endeavor Scholarship, Ministry of Education of Beijing
2014 Scholarship for Excellent Student Cadre, CUFE
2013 Excellent Student Cadre, School of Statistics and Mathematics, CUFE

Referees

Professor Rob J Hyndman
FAA FASSA
Head of Department
Department of Econometrics and Business Statistics
Monash University, VIC 3800, Australia
Email: rob.hyndman@monash.edu
Telephone: + 61 3 990 52358

Associate Professor Anastasios Panagiotelis
Director of the International Institute of Forecasters
Discipline of Business Analytics
University of Sydney, NSW 2006, Australia
Email: anastasios.panagiotelis@sydney.edu.au
Telephone: +61 2 9114 4742
